

Polyclonal Antibody against Human Cystatin-C

Catalog Number: 161003

Size: 100 mg

Host: Rabbit

Introduction

As an inhibitor of cysteine proteinases, this protein is thought to serve an important physiological role as a local regulator of this enzyme activity.

Immunogen:

Recombinant full-length human cystatin-c expressed in E. coli.

Preparation:

Rabbit IgG was purified by protein G affinity chromatography.

Specificity:

The antibody detects human cystatin-c.

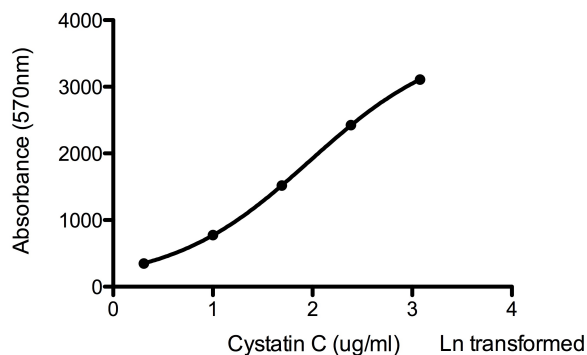

Form: Liquid

Storage buffer: PBS

Storage instructions: Shipped at 4°C. Store at +4°C short term (1-2 weeks). Store at -20°C long term. Avoid freeze / thaw cycle.

Applications:

Turbidimetric Immunoassay - This antibody can be used in turbidimetric immunoassay to detect human cystatin-c.

Turbidimetric immunoassay of cystatin-c
