

CROUCHER SUMMER COURSE

August 14 - 18
2023

Arterial Ageing: from Mechanisms to Applications

Ageing is an unavoidable part of life but a modifiable process. Despite the extended lifespan, our knowledge on ageing is limited. The course will introduce current knowledge, frontier technologies and multidisciplinary applications on arterial ageing, its early detection, prevention and rejuvenation.

**Deadline for application:
May 5, 2023**
