CPOS : Your One-stop Shop for Biomedical Research

DR RAKESH SHARMA & DR HIN KWOK, CPOS

14 JANUARY 2025
(TUESDAY)

2:30 - 3:45 PM

SEMINAR ROOM 3, G/F,
LABORATORY BLOCK

SEMINAR HIGHLIGHTS

Comprehensive Multi-Omics Support

Discover an extensive range of expert services tailored to support research projects leveraging advanced multi-omics approaches such as Genomics, Proteomics, Metabolomics, Bioinformatics, HPCF resources and Cryo-EM technologies for structural biology investigations

Cutting-Edge Facility Access

Learn about the state-of-the-art facility providing round-the-clock access to small equipment for sample preparation, cellular and molecular imaging, cell sorting and an in-house warehouse of essential consumables designed to enhance laboratory operational efficiency

Educational Training Opportunities

Gain valuable insights into educational programs offering hands-on training in self-directed sample preparation, data analysis and specialized workshops to empower researchers with essential skills and knowledge

Interactive Q&A Session

Engage with experts through a dynamic question-and-answer session tailored to address your specific queries and research needs
