Special Highlight

We are pleased to share that Yin Zhang from Prof. Shirley's team has been awarded the **Best Presenter Award for the Department Journal Club and Research Meeting 2024 (Department of Medicine)**! Yin ranked in the top three scores based on on-site voting by academic advisors and attendees.

The award was presented by Professor Yuen Man Fung and Professor Shirley Li during a special ceremony on January 16. This recognition reflects Yin's hard work and commitment to excellence in research presentation. Congratulations, Yin!

On January 12, Prof. Eric Wan and his students visited **Capital Medical University and Peking University**. During their discussions, they explored potential opportunities for future collaborations and developed new friendships. The team appreciated the academic atmosphere as they toured various areas of the campus, including the medical library, despite the chilly weather.

About CSMPR

Centre for Safe Medication Practice and Research (CSMPR) was established in 2012 to foster research and development in medication safety in collaboration with local and international partners.

The mission of the CSMPR is to improve the health and quality of life of patients through interdisciplinary collaborative research that addresses questions central to medication safety. We focus on delivering innovative results that optimise the safe and effective use of medications. Combining expertise from the University of Hong Kong (HKU) and collaborative partners around the globe, the CSMPR provides a world-renowned platform for the training of health care professionals, patients and the general public on the safe and effective use of medications.

Our aim is to deliver high quality research with results relevant and applicable to health in real world settings, thus optimising and promoting the safe and effective use of medicine in Asia and beyond.
